SUMMARY

I am a dynamic and detail-oriented Web and Mobile Frontend Engineer with over 4 years of experience specializing in building and optimizing user-focused websites and web applications for customers with various business objectives. Proficient in an assortment of technologies, including TypeScript, React, Next JS, Zustand, Redux, NodeJS, ExpressJS, Nest.js, and many more. I demonstrate the ability to adapt to new technology and teach teammates. I am committed to high standards of user experience, usability, and speed for multiple types of end-users.
